VA 150 N/G

Large fully automatic dicer for fresh or frozen products

Compared to the VA 150 N, the VA 150 G is optimized to work with frozen products in loose or block form. The VA 150 G dicer is ideal for its reliability at low temperatures, but it also handles fresh products without compromising on quality. Either a hoist/ tilting device or product in feed conveyor belts can be used.

Fully sealed product loading chamber with open drainages

Sidewall opening, can be adjusted to product size for loading

THC system

Automatic Speed Control

Speed-pack (adjustable blade speed)

Fully automatic lubrication system

Computer controlled and touch screen

Product window in blade chamber

Two-part heavy-duty grid-system

Hardened shear edges and coarse serrated blades

Simple and safe grid fixation

*Accessories

Technical data	VA 150 G	VA 150 N
Output (Depending on product)	Max. 3.200 kg/h	Max. 4.500 kg/h
Loading dimension W x H x L	150 x 150 x 610mm	150 x 150 x 610 mm
Feed	1-40 mm	1-40 mm
Power supply	14,0 kW	14,0 kW
L x W x H	2.500 x 1.800 x 2.400 mm	2.500 x 1.800 x 2.400 mm
Cutting grid	6 x 6 mm - 75 x 75 mm	6 x 6 mm - 75 x 75 mm
Weight	1.700 kg	1.650 kg
Discharge conveyor/Touchscreen	No	No
