

# Rotoclaw II Frozen Meat Breaker

Quiet, rugged, dependable!  
Built for years of trouble-free operation.

## Maintains Product Texture

The RotoClaw II breaks up hard frozen meat blocks without destroying the texture of the product. Its slow-speed rotor produces small pieces without aggravating noise.

## Produce a Variety of Piece Sizes

Piece size can be varied by using different rotors to satisfy most processing requirements.

## Handles Large Frozen Blocks

The RotoClaw II will handle frozen blocks up to 9.5 inches thick and 21 inches wide.

## High Production Rates

Production rates of up to 10,000 lbs. per hour are possible depending on the desired end piece size. For high production, blocks can be stacked one on top of another using the built-in air operated loader.
